

Dear Sir -

It has been brought to my attention that the FCC is about to expand the LPFM broadcast service in a new way that would take many translator stations off the air. One station that this would affect is K-LOVE radio, a station that I listen to on a regular basis. This station serves our community in ways that no other local station does - it plays contemporary christian music 24 hours a day with very little talk. I also enjoy very much being able to pick up KLOVE across the United States as I travel. Please don't displace this vital radio station. There are many of us who would be very lost without it.

Thank you for your consideration,

Diane Lee
